# Our Winning Team

It would take a concerted effort to sort through all the competition in the technology consulting industry in order to find the best qualified developers and designers. The management at Artifex has used the past nine years to do the work for you. As the result of rigorous employment vetting and proof through result, Artifex proudly presents its team of some of the most talented professionals in the world.

Preferring quality to quantity, Artifex has remained a small business of 25 employees, so that each and every project is given personal attention and oversight. Every customer receives real-time responses to questions and 24/7 emergency support.

Our award winning team is dedicated to providing cutting edge applications, designs and functionality, resulting in over 99% repeat customer rate. We hope you will consider becoming one of them.
